

## **PROGRAM OVERVIEW**

The Network is managed under the guidance of its CU Advisory Group and the Maine Credit Union League.

## **MISSION**

The YPN aims to provide value to not only young professionals, but also their credit unions.

- Connect young professionals with like-minded peers and encourage idea sharing and collaboration among them.
- Engage young professionals with training, networking events, and other opportunities that provide resources and workable knowledge they can bring back to their credit union.
- Retain talent within the credit union movement. Young professionals have the ability to bring energy and new ideas to credit unions.

## **VALUE**

- Network members will have access to meet-ups being coordinated around the state. These meet-ups provide young professionals with an informal setting to network with like-minded young professionals, learn from guest speakers, and discuss credit union industry topics.
- Through YPN email updates, LinkedIn, and other communication channels, members will stay current on events and development opportunities available to young credit union professionals.
- Network members will receive announcements and invites to attend some of the most important credit union conferences around the state.

## **ELIGIBILITY**

Membership is open to credit union professionals ages 21-40, who have been employed at their current credit union for at least 90 days. All members of the network must have approval by their CEO (signature on registration form) and current supervisor to join.
